

PARENT REPRESENTATIVES GENERAL ASSEMBLY

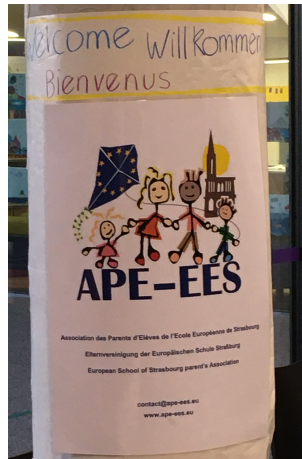

As you know the parents class representatives had their general assembly on the 6th of February, in a new format; a Word Café.

What is a Word Café? It is an interactive and collaborative way to share ideas and discuss subjects in a relaxed and pleasant atmosphere.

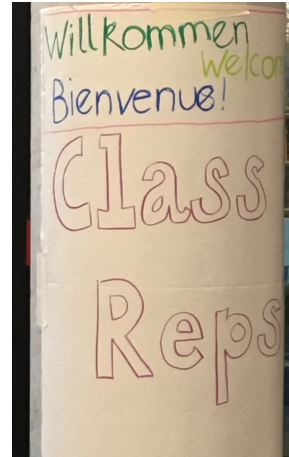

Participants were divided into 4 tables where different topics were discussed.

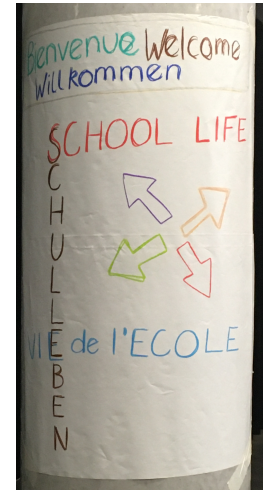

The challenges of the school

The role of the APE

The role of the parents' representatives

The school life

Every 15 minutes, participants changed tables so that everyone could contribute in each subject. The ideas, suggestions and comments of each group were collected and presented to the assembly.

The questions were clustered by topic, and they will be submitted to the school management.

Mr. Tedde kindly accepted the invitation to join the assembly and shared some information in an informal moment.

The assembly ended as it should; with light refreshments that allowed the parents to meet informally and to chat.
